Eaton S-Series Rack

Unmatched reliability and service for your critical IT electronics and servers

Designed for small and medium-sized businesses, the Eaton S-Series Rack with rack hygiene supports and optimizes IT equipment. These standard configured racks are scalable and integrate an array of options including cable management, power distribution and backup power to provide a full network solution.

Features

- Enhanced frame ensures zero leakage around the front perimeter and also features oval grommets in front frame verticals for cable pass-thru between racks.
- High flow single front door with 75 percent open perforation pattern
- High flow split rear door with 75 percent open perforation pattern
- Top panel with two six inch wide brushed openings for cable egress
- Standard models available with side or divider panels
- 19 inch EIA-310 vertical mounting rails (quantity four) with U-markings
- Vertical blanking panels (quantity two) with cable pass-thru for 30 inch wide models only
- Integrated cable trough for overhead cable distribution
- Grounding pre-installed
- Color: Black

Standard feature

Cable management

Accomodates large cable quantities and provides unmatched rack-to-rack, raised floor, and overhead cable access.

Optional accessories*

Cable rings

Allows for vertical cable management with flexible mounting to multiple points.

Lacing bars

Flexible management bar for attaching/mounting cables and power strips.

Optional accessories*

Solid side panel

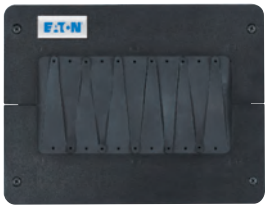
A solid side panel kit (qty. 1) is available to further enclose your rack where end-of-row or single-rack aesthetics are necessary.

SOLID SIDE PANELS

Catalog Number	Height	Width
ETN-ACC4842SP	48U	42"
ETN-ACC4848SP	48U	48"
ETN-ACC4242SP	42U	42"
ETN-ACC4248SP	42U	48"

Blanking panels

Tool-less plastic blanking panels prevent air recirculation.



Floor grommet

Allows maximum pressure to be maintained in the sub-floor plenum when cables are installed.

Lifetime warranty
Eaton S-Series racks are backed by a limited lifetime warranty.
